Lifespan. Delivering health with care.™

Virtual Psychiatry and Behavioral Telehealth Programs

The Division of Adult Psychiatry and Behavioral Health is committed to providing continued support and clinical care to our patients during the COVID-19 pandemic.

Our outpatient programs have recently transitioned to telephone and video appointments. Now patients can access high quality, evidence-based, care in the safety and comfort of their home.

Outpatient Programs

If you or a loved one are struggling to live a fulfilling life due to conditions such as addiction, anxiety, depression, or PTSD, know you are not alone; we are here to help you. To access any of our Adult Psychiatry and Behavioral Health outpatient programs, please call our Access Center at (401) 606-0606.
